(b) whether any provision exists to make good the compensation from the concerned factories and if so, whether such provisions are implemented effectively and the amount of compensation realised from Kerala based factories so far, with details; and

(c) whether Government consider to initiate action against those factories which purposely violate the provisions of river pollution and create severe environmental problems; if so, the details thereof?

THE MINISTER OF STATE IN THE MINISTRY OF ENVIRONMENT AND FORESTS (SHRI NAMO NARAIN MEENA): (a)As on 15.3.2005 a total of 36 grossly polluting (effluent having Biological Oxygen Demand of 100 kg per day or more) industries have been identified in Kerala. Out of 36 industries, four are closed and the remaining 32 industries are operating satisfactorily with their effluent treatment plants.

(b) The Public Liability Insurance Act, 1991, provides relief to the person (other than a workman as defined in Workman's Compensation Act, 1923) affected by accident while handling hazardous substances and for matters connected therewith or incidental thereto. In one incident, the district Collector, Ernakulam had ordered payment of compensation to fishermen affected by a fish kill that occurred in Periyar river in the year June 1998 due to discharge of untreated effluent from FACT-Petro Chemical Division, Ernakulam. But the same was challenged in the High Court of Kerala and so far no compensation is known to have been paid.

(c) A number of actions have been initiated by State Pollution Control Board against those factories which cause pollution such as denial/revoking of consents, issue of closure orders, issue of directions for disconnecting supply of water and electricity.
